Memo

The financial condition of the Melkote Municipality as given below shows that the Board are not in a position to bear any portion of the cost of the L.F.Dispensary, if one is established.

1.Opening balance----------	Rs. 925.
2.Estimated receipts for 1902-03------	1275.
Total Rs.----	2200.
3.Estimated expenditure--------	1864.
4.Closing balance------- ------	336.

2 May the Deputy Commissioner be however asked to consult the Municipal and District Fund Boards and submit copies of their resolutions on the matter.

Yes. Put up draft.

Intd. H.R.
23/12/02.

3 The President was accordingly requested to consult the respective Boards concerned.(Docket No.10439/L.F.114-02)

4 In reply the President submits copies of the resolutions of the French Rocks D.F.Board and the Municipal Board of Melkote, and states that these two Boards are agreeable to contribute a sum of Rs.100 each a year towards the cost of a Dispensary that may be established at Melkote (Letter No.874 dated 7th March 1903).

5 Under the existing orders, the cost of Menial establishment and contingencies of the L.F.Dispensaries established in Municipal towns is met from Municipal and D.F.in the proportion of 1/3rd and 2/3rds respectively and in rural parts as well as in Municipalities which are unable to bear the usual 1/3rd quota of the charges, the entire cost is met from District Funds. The cost payable from Municipal and District Funds for a local Dispensary will be annually about Rs.160 and 380 respectively (exclusive of the initial cost of furniture amounting to Rs.192 and construction of

= building) as per details given below:-

	Distt. Fund quota 2/3.	Municipal funds 1/3
1.Compounder @ 10 Rs	60	40.
2.Toti	48	24.
3.Waterman 2	16	8.
4.Contingencies.10.	80	40.
5.Charge allowance at Rs.10	80	40.
6.House rent about 2 Rs if no Govt building is available	16	8.
7.Feeding in-patients	60	0
	380	160.

Both the Boards plead inability to pay more than Rs.100.

6. Vaidyanath may cost less and there are men who recently passed ~~of the Course~~ in the native system of treatment which may, if approved, be tried at Calcutta for a year or two the cost being estimated as shown below:-

Note The population of Calcutta is about 3000/ in round figure.

Pay of the Pandit at Rs10/- per mensem. 120/.
House rent at 1 Rupee per mm — 12/.
Contingencies including the cost of Medicine ——— 68
Total — 200 per annum.

This amount, the District and Municipal Boards are willing to pay.

(13/7) The above orders were communicated to the Senior Surgeon who in reply states that a dispensary at the place is most desirable, considering that it is not only a fairly large village but also a place of pilgrimage for which an Hospital Assistant is deputed every year during Jatras. He adds that this will be obviated, if a Dispensary is opened and that he can conveniently spare an Hospital Assistant for the place as he is addressing Govt. separately to permit him to take on as Hospital Assistants the ten newly passed Medical pupils

(14/7) From para 4 above it will be seen that both the Municipal and District Fund Boards pleaded inability to pay the quota debitable to them and stated that they would pay Rs 100 each.

The 2nd Councillor has been pleased to remark that the question about the cost of menial establishment etc may be considered after a reply is received from Col. Benson

No additional grant can be sanctioned during the current year. The question of opening the Dispensary at Melkote should therefore lie over till provision is made for it in the Medical Budget for the next year, unless the Senior Surgeon can find out any provision in the Sanctioned budget for the current year from which the charge can be met.
